Narges sadat Alavi

UI/UX Designer

Tehran, Iran | +989026363169 | alavi.9680@gmail.com | Portfolio | Linkedin | Dribbble

SUMMARY

UI/UX Designer with **3+ years** of experience designing end-to-end digital products across **healthtech, e-learning, and B2B/B2C marketplaces**. Skilled in turning complex, data-heavy workflows into intuitive interfaces, with hands-on ownership as sole designer across the full design process.

EXPERIENCES

2023 until Now

Product Designer | PathoFinder.ai

(Startup · B2B / Medical AI)

Full time | December 2025 - Present

IMPACT

+300 patients evaluated to date, with clinical decisions supported by measurements generated through the platform.

Sole designer on a hospital B2B platform using AI to analyze orthopedic X-rays across multiple anatomical regions, including the spine, pelvis, knee, foot, and hand. Owned the **end-to-end design** of clinical workflows, from **AI-assisted measurement** tools to **physician-facing reports.**

- Transformed complex orthopedic measurements and clinical parameters **into intuitive data panels**, enabling physicians to quickly interpret results without manual calculations or external references.
- Designed **AI-assisted anatomical landmark detection** workflows with **manual fallback capabilities**, ensuring AI limitations never blocked clinical analysis.
- Designed and iterated core product experiences, including measurement tools, anatomical visualization, data tables, and clinical reports based on continuous feedback from physicians and healthcare stakeholders.

Product Designer | Rahafto

(Education Platform · B2C)

Part time | June 2025 - Dec 2025

IMPACT

Competitive research directly informed product decisions across course discovery, purchase flow, and learning access experience.Designed the **end-to-end course purchase experience**, from course discovery to checkout and learning access.

- Conducted **competitor research** to identify user needs around course credibility, value transparency, and flexible payments.
- Redesigned course pages with instructor information, reviews, previews, and structured content to improve **purchase confidence**.
- Designed full and **installment checkout flows** with clear pricing hierarchy and improved user experience.

UI/UX Designer | Khodropack

(Startup · B2B / B2C)

Part time | Apr 2024 -July 2025

Designed an **end-to-end experience** for finding and comparing trusted repair shops with transparent pricing.

- Built a **comparison-focused discovery flow** with service categories, pricing, and ratings to help users make faster decisions.
- Integrated **direct calling and navigation** into shop profiles to reduce friction before booking.
- Iterated on **mechanic availability and scheduling flows** to balance information clarity with booking speed.

SKILLS

Hard Skills: **Figma, Design Systems, Prototyping, Wireframing, User Research …**
Soft Skills: **Stakeholder Communication, Cross-Functional Collaboration, Ownership As Sole Designer, Iterating From Feedback …**
Domains: **B2B / Healthtech / AI-Assisted Products / E-Commerce / Marketplace / E-Learning**

EDUCATION

Bachelor's Degree In Computer Engineering Azad Rodehen University 2022-2025
